Re: Hanson Aggregates Pennsylvania LLC - Blossburg Quarry
40 CFR 63 Subpart ZZZZ Initial Notification of Applicability
Compression Ignition "Stationary" Reciprocating Internal Combustion Engines
Tioga County, Liberty Township

Dear Mr. Zaman:

This letter and accompanying Initial Notification Form [(40 CFR 63.9(b)(2))] are intended to comply with the "Initial Notification of Applicability" of 40 CFR 63 Subpart ZZZZ, Reciprocating Internal Combustion Engines (RICE) as promulgated in the Federal Register dated January 18, 2008. Hanson Aggregates Pennsylvania LLC operates portable compression ignition generators at our Blossburg Quarry facility. The attached Initial Notification Form provides information with respect to the Blossburg operation and the generators used at this location.

We are submitting this notification; however, we are uncertain with regard to the applicability of 40 CFR 63 Subpart ZZZZ to the generators at this particular operation. We will contact you with respect to this operation should any new or additional information become available. Please contact me at the above address or by calling 610-366-4819 should you require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert H. Snyder".

Robert H. Snyder
Environmental Manager

Initial Notification Form
[40 CFR 63.9(b)(2)]¹

Applicable Rule: 40 CFR part 63, subpart ZZZZ – National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines (RICE MACT)

Initial Notification for 40 CFR 63 Subpart ZZZZ, existing "stationary" CI RICE located at an area source of HAPS emissions

Please read the rule for details on requirements and deadlines. Notification requirements are found in §63.6645 of subpart ZZZZ and §63.9 of the General Provisions as noted.

Please note that you are not required to use this form and may submit the required information in a letter. However, all required information must be submitted by the following initial notification deadlines:

- **December 13, 2004** for sources whose startup occurs before August 16, 2004; OR
- **Not later than 120 days after startup**, if startup occurs on or after August 16, 2004.

Please print or type the following information for each source subject to the RICE MACT.

1. Name and Address of Facility Owner [40 CFR §63.9(b)(2)(i) and (ii)]

Name of Facility: Blossburg Quarry

Name of Owner/Operator: Hanson Aggregates Pennsylvania LLC

Mailing Address: 7660 Imperial Way

City: Allentown County: Lehigh State: PA Zip Code: 18195

Physical Location (if different from mailing address)

Street Address: Route 15, PO Box 72

City: Blossburg County: Tioga State: PA Zip Code: 16912

Contact Person: Robert Snyder Phone Number: 610-366-4819

Email: robert.snyder@hanson.biz

- 2. Is the facility a Major Source [40 CFR §63.9(b)(2)(v)]?** ☐ Yes ☒ No*
*(The facility is considered an area source and does not need to submit this form)

- 2a. Do you intend to accept enforceable permit limits to reduce emissions of hazardous air pollutants (HAP) to less than major source levels prior to the MACT compliance date(s) for engines at this facility?** ☐ Yes* ☒ No
existing area source

*If yes, please attach a description of the action(s) planned to achieve non-major status. NOTE: The description of action(s) planned to achieve non-major status is provided for information only and is not binding. If you take federally enforceable permit limits, prior to the subpart ZZZZ compliance date, to reduce total HAP emissions from your facility such that you are not longer a major source (as defined in 40 CFR §63.2), engines located at your facility will not be subject to the subpart (refer to the instructions).

¹ This form should be completed and submitted for new engines with a site rating greater than 500 horsepower (hp) that are located at major sources of HAP emissions. You are also required to submit this form for existing spark ignition 4-stroke rich burn engines with a site rating greater than 500 HP that are located at major sources of HAP emissions.

3. Relevant standard and compliance date [40 CFR §63.9(b)(2)(iii)]

This facility operates RICE that are subject to 40 CFR part 63, subpart ZZZZ (check one):

☒ Yes ☐ No
UNCERTAIN

Subpart ZZZZ requires you to submit an initial notification for new engines with a site rating greater than 500 horsepower (hp) that are located at major sources of HAP emissions. You are also required to submit an initial notification for existing spark ignition 4-stroke rich burn engines with a site rating greater than 500 HP that are located at major sources of HAP emissions. Therefore, it is not necessary to list all engines located at a given facility. Complete the following table for each engine for which initial notification is required under 40 CFR part 63, subpart ZZZZ (attach additional copies of this page as needed).

Engine ID	Engine Description		Site-Rated Horsepower (hp)	Existing/New/Reconstructed ^a	Subpart ZZZZ Subcategory ^b	Subpart ZZZZ Compliance Date	Initial Notification Only? ^c
	Manufacturer	Model					
172-F-69	Delco/Detroit	350	509	existing	CI	May 3, 2013	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
6063HK35	Detroit	400DSE	572	existing	CI	May 3, 2013	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
	Caterpillar		375	existing	CI	May 3, 2010	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No
							<input type="checkbox"/> Yes <input type="checkbox"/> No

^a Refer to the definition for existing, new, and reconstructed included in the instructions for this form.^b Use the subcategories included in the instructions for this form.^c If yes, attach rationale to explain why each engine had no additional requirements under subpart ZZZZ (e.g., engine operates as an emergency stationary RICE).

4. For the stationary RICE listed in question 3, provide a list of the HAP emitted [40 CFR §63.9(b)(2)(iv)].

- | | |
|---------|-----|
| 1. VOC | 7. |
| 2. NOx | 8. |
| 3. SOx | 9. |
| 4. PM | 10. |
| 5. CO | 11. |
| 6. HAPS | 12. |

5. Signature

I certify that the information contained in this form to be accurate and true to the best of my knowledge.
